Honourable Speakers

Mr. Prasanta Sarkar

General Manager, Electrical Vehicles, Tata Motors

An insightful talk on EV technologies, intelligent mobility, and the future of automotive engineering. Explore federated learning, digital twins, range estimation, and EV service automation shaping smarter, more reliable, software-defined vehicles.

Mr. Pallab Gupta

Nokia

A thought-provoking session on how standardization shapes the future of telecommunications and technology. Explore how 3GPP, GSMA, and global standards enable interoperability, innovation, and next-generation connectivity.

Dr. Syed Rizvi

Analog Devices

Dr. Syed Rizvi specializes in semiconductor device modeling, advanced characterization, and device reliability, focusing on predictive models for semiconductor fabrication processes. He holds an MTech-PhD in Microelectronics and VLSI from IIT Kanpur.

Mr. Uday Tej

Novel Patent Services

Mr. Uday Tej is the Project Head of Novel Patent Services with over 16 years of experience in IPR. He leads patent analytics and project execution for global organizations and is involved in building patent portfolios across diverse technology domains.

Mr. Charan Tej Seeram

Novel Patent Services

Mr. Charan Tej Seeram is a Manager at Novel Patent Services Ltd., leading the technical division with expertise in IP search, patent analysis, technology transfer, and patent circumvention strategies.

Dr. Manjeer Majumder

Nokia

Dr. Manjeer Majumder holds an M.Tech-Ph.D. in Electrical Engineering from IIT Kanpur. At Nokia, she works on 5G NR, focusing on beamforming, scheduling, and AI/ML applications in wireless communications.

Dr. Rajat Channappanavar

AmberSemi

Dr. Rajat Channappanavar did his PhD from IIT Kanpur. During PhD, he worked on Power electronics for data center applications. Presently working in the vertical power architecture for AI data centers at AmberSemi.

Ms. Ana Monga

STMicroelectronics

Ana Monga is a Design Verification Engineer at STMicroelectronics with 7 years of experience in IP and SoC verification, specializing in verification methodologies for complex semiconductor designs and ensuring quality, reliability, and design robustness.

Program Schedule

DAY 1: SATURDAY, 19 SEPTEMBER 2026

10:00 – 10:10	●	Inauguration
10:00 – 05:45	●	Patents, Prototypes, Startup Ideas from IIITA Students, Exhibitions from Industry
10:10 – 10:15	●	Placement Report by Student Career Progression Team
10:15 – 10:30	●	Director Address
10:30 – 11:30	●	Keynote Talk 1 (Mr. Prasanta Sarkar, Tata Motors)
11:30 – 11:45	●	Hi-Tea
11:45 – 12:45	●	Keynote Talk 2 (Mr. Pallab Gupta, Nokia)
12:45 – 01:00	●	Group Photo Session
01:00 – 03:00	●	Lunch
03:00 – 03:45	●	Expert Talk 1 (Dr. Syed Rizvi, Analog Devices)
03:45 – 04:30	●	Expert Talk 2 (Mr. Uday Tej & Mr. Charan Tej Novel Patent Services)
04:30 – 05:00	●	Panel Discussion 1
05:00 – 06:00	●	Hi-Tea
06:00 – 06:15	●	Group Photo Session (Final Year Interns)
06:15 – 09:15	●	Open Air Interaction

Program Schedule

DAY 2: SUNDAY, 20 SEPTEMBER 2026

10:00 - 05:45	●	Patents, Prototypes, Startup Ideas from IIITA Students, Exhibitions from Industry
10:00 - 10:45	●	Expert Talk 3 (Dr. Manjeer Majumder, Nokia)
10:45 - 11:30	●	Expert Talk 4 (Dr. Rajat Channappanavar, AmberSemi)
11:30 - 11:45	●	Hi-Tea
11:45 - 12:30	●	Expert Talk 5 (Ms. Ana Monga, STMicroelectronics)
12:30 - 01:00	●	Panel Discussion 2
01:00 - 03:00	●	Lunch
03:00 - 05:00	●	Internship Tech Talks Final Year Interns
03:00 - 05:00	●	Industry Exhibitions - Poster from Industries Demonstration of Prototypes
05:00 - 05:30	●	Closing Ceremony
05:30 - 05:45	●	Hi-Tea

Startup, Patent & Prototype Session

First Floor (Main Auditorium)

Founder / Representative Name	Startup / Prototype / Patent
Saddam Husain	Rivika Organic Food Pvt Ltd.
Mr Ashutosh Mishra	NCode Sutram for Artificial Intelligence Pvt Ltd
Aditya Kumar Singh	DEBUGGERS SQUAD INNOVATIONS
Ranjeet Maurya	KimUp
Shriyansh Singh	CURELEX HEALTHTECH PRIVATE LIMITED
Bhawna Khorwal	Lyfshilp Academy Pvt. Ltd.
Mohd Salman Khan	PulseOne
Mr. Vinay Mishra	Chip Prototype
Dr. Bharat Bhushan Upadhyay	FPGA Prototype
Darshan Janardhan Nagre	Psych
Arindam Ghosh	SwarmPilot
Parvathy Devi R	Couple Counselling App
Aryan Srivastava	Phi Launcher
Subham Thakare	With Me
Utkarsh Kumar	SPIREXA
Abdul Azeem Ansari	Aegis ID
Khavina Balamurugan	Autonomous Tracked Vehicle with GPS Navigation
Soumili Ghosh	SYNCXYOU
Apsana Khatoon	hybrid MTJ-CMOS variable gain amplifier (VGA)
Adith N Regnati	Broke Buddy
Shreejita Srivastava, Divyank Srivastava	Agrivardhak
Team: Raffles	Matsya AI
VLSI IITA	Chip Prototype

Final Year Speakers

Tavish Chawla

Flipkart, Cisco

Yashraj Singh

Qualcomm

Harkirat chadha

Stripe, Salesforce

Divyansh Aggarwal

PhonePe, Salesforce

Aryan Nawathey

Flipkart

Harshini Dadhich

Flipkart

Ujjwal Mishra

Qualcomm

Darshan Janardhan Nagre

Cisco

Kushagra Gupta

Salesforce, Eternal

Taufique khan

Cisco, PhonePe
